

Hello!

I am contacting you on behalf of the Greene County 4-H Horse Program regarding your possible support of the Greene County 4-H Horse Show, State Qualifier, and other youth educational activities. The Greene County 4-H Horse Program – a non-profit, youth education organization – is made up of kids and volunteers, dedicated to youth development through action. This group consists of about 25 children, and we are looking to grow this group by offering 4-H sponsored training clinics, camps, club meetings and by having stalls at the Greene County Fair. Beyond improving the children’s knowledge of horses and riding skills, many community service projects are completed by these kids.

Why do we need your support?

To increase participation in Greene County’s 4-H Horse clubs, stalls are necessary. These stalls will provide safety for the horses and allow the riders to enjoy the fair together as they know their horses are safe in a stall. A true county Fair experience will occur for our 4-H rider as they show off the pride and hard work they have put into their horses and build lifelong friendships with other horse-loving kids. Funds will also be used to support horse educational events and opportunities like Horse Quiz Bowl, Horse Hippology Contest, Groom & Clean competition, and clinics.

On behalf of Greene County 4-H Horse Program and Teen Horse Committee, we ask for your support. The following page has the options of donation levels.

If you have any questions or would like to support in some other way, please feel free to contact the Greene County 4-H Educator, Megan Brittingham at brittingham.3@osu.edu or 937-372-9971.

With sincere gratitude,
The Greene County 4-H Teen Horse Committee
