

The Greene Clover

GREENE COUNTY / 4-H

SEPTEMBER / 2021

The best way to reach us is by phone/email. In this newsletter, you will find info on Teen Leadership Council, need for pictures, thank you notes, Experience 4-H At Home Kit sign up, Farm Science Review, Camp Community Service Project, important dates, and more.

GREENE COUNTY 4-H TEEN LEADERSHIP COUNCIL

We are very excited to let you all know that we are starting a Greene County 4-H Teen Leadership Council. If you are at least 13 years old, please consider applying. We will meet monthly at the Extension Office. A schedule will be provided to all members. A goal of this group is to provide additional leadership opportunities for teens. Please let us know if you have any questions. We have extended the deadline to ***Friday, September 10.*** [Click here for the application](#)

WE NEED YOUR HELP- PLEASE SEND PICTURES

We need some help!

We will be making a calendar for all families for 2022. We want to include pictures of a variety of 4-H events. Please upload pictures below. We would like pictures of camp, fair, pre-fair judging, weigh-ins/tag-ins, clinics, club meetings, community service events, recreation events, club group pictures, etc. We will try to use as many as we can in this calendar.

We have space for 5 uploads of pictures. If you have more to share, please complete this survey as many times as needed.

Thank you for your help and assistance! www.go.osu.edu/greencopics

AG ENTREPRENEURSHIP CAMP

Do you know any youth that are interested in taking over the family farm, starting their own farm, or owning their own business in the agriscience industry? Please pass on the attached flyer to anyone that is interested in attending the Agricultural Entrepreneurship Camp on the weekend of September 24-26. Open to all youth that are in high school. Registration is now open and can be found here: <http://go.osu.edu/exploreagcamp>. This camp is a partnership between Explore Ag, Lucas County Extension, Franklin County Extension, Hocking College, Grow NextGen, Venture Lab, and Young Entrepreneur Institute. During this one-of-a-kind weekend camp, students will participate in hands-on activities to explore careers and entrepreneurship in agriculture. In addition to inspiring an entrepreneurship mindset, campers will learn about creating a business. Campers will also hear from Hocking College professors with topics ranging from timber harvesting to fishery management!

EXPERIENCE 4-H AT HOME KIT #4

Thanks to a grant from the Ohio 4-H Foundation, we are able to offer "Experience 4-H at Home" kits. Throughout 2021, we will offer 4 different kits, based on each of the H's in 4-H. The next kit will be all about the 4TH H-HEALTH.

The kits are geared toward **Cloverbud age**. The kits will include the activities to complete and the majority of the supplies needed.

Space is limited.

Please consider signing up at https://osu.az1.qualtrics.com/jfe/form/SV_9z902xdLvDic9MO

The flyer features a red barn with a sign that says "CFAES" and "Explore Ag". Below the barn is a group of people. To the right of the barn is the text "Explore Ag Youth Entrepreneur Weekend Camp September 24th - 26th". Below this is a list of details: "Location: Hocking College", "Cost: Free", "Contact Information: Monica Mulgan, Franklin County Extension, Lucas County Extension, Hocking College professors with topics ranging from timber harvesting to fishery management", "Target Audience: High School Students", "Check-in: September 24th at 5:00 p.m.", "Check-out: September 26th at 4:00 p.m.", "Register: www.go.osu.edu/exploreagcamp". At the bottom are logos for "THE OHIO STATE UNIVERSITY COLLEGE OF FOOD, AGRICULTURAL, AND ENVIRONMENTAL SCIENCES", "4-H", and "OSU FARM STORE".

REMINDER: WRITE YOUR THANK YOU NOTES

please take the time to write thank-you notes.

Your awards (trophies, ribbons, plaques, plates, etc.) all need a thank you written. Also, please think about writing thank you notes to your club advisors, species committee members who helped throughout the week, Senior Fairboard Members, Junior Fairboard, parents, Sales Committee, and anyone else who has helped throughout your 4-H experience. For the Greene County Senior Fairboard, Junior Fairboard, and Sales Committee, please address 120 Fairground Road, Xenia, OH 45385.

It takes so many individuals to put on a great fair and we are lucky to be able to work with them all. Now, we need your help to show your appreciation.

Lastly, please write your thank you notes in a timely manner. If you need an address, please let us know and we can find it for you.

Thank you!

CAMP COMMUNITY SERVICE PROJECT

Over the past couple of years, the campers and counselors have been doing community service projects during camp.

This year they made items to make toiletry bags for local organizations in Greene County.

If you or your club would like to donate towards the bags. We are looking for donations of travel size: shampoo, conditioner, deodorant, toothbrush and toothpaste.

We will be delivering the bags sometime next month. Any questions, please email Brenda and sandman-stover.1@osu.edu.

DATES TO REMEMBER

September 21-22: Farm Science Review , London, OH Molly Caren Ag Center

October 1: Camp Counselor Applications Available Online

October 3-9: National 4-H Week

FARM SCIENCE REVIEW

The Ohio State University's Farm Science Review, which was held online last year because of the pandemic, will return this year to be live and in person for the 59th annual event.

The premier agricultural education and industry exposition is set for Sept. 21–23 at Ohio State's Molly Caren Agricultural Center, 135 State Route 38, near London.

"While research, teaching, and serving communities throughout Ohio never stopped during the pandemic, we are grateful to once again be in person, working together, to advance our industry," said Cathann A. Kress, Ohio State's vice president for agricultural administration and dean of the College of Food, Agricultural, and Environmental Sciences (CFAES). CFAES is the host of Farm Science Review, which brings in more than 100,000 people annually.

Kress called the event a "critical component of our land-grant mission to provide research-based information and practical education to the people of Ohio and beyond."

Jacqueline Kirby Wilkins, a CFAES associate dean and the director of the college's Ohio State University Extension outreach arm, said Farm Science Review gives a "wonderful opportunity" to explore the latest CFAES research.

Featured at the event will be more than 100 educational sessions, including "Ask the Expert" talks; 600 exhibits; the most comprehensive field crop demonstrations in the United States; a career exploration fair; and immersive virtual reality videos of agricultural activities.

There will also be a new online component, said Nick Zachrich, Farm Science Review's manager. Called "Farm Science Review Live," it will "bring content from the Molly Caren Ag Center to wherever you are in the world with internet access," he said.

It's a next big step in ramping up the event's digital tools, which in recent years have seen the addition of a mobile app and a digital directory, both designed to help people navigate the grounds.

"Our staff has strived to make it easier for visitors to find the exhibitors and information they need. But seeing the entire 100-acre exhibit area is a tall task, especially when stopping to discuss business with exhibitors or attend a session," Zachrich said.

"Farm Science Review Live" will help people see what they might have missed, or will let them go back to watch and learn again, he said.

"It builds on our commitment to use the best tools available to make connections between farmers and other professionals in agriculture with our exhibitors and educators."

Hours for Farm Science Review are 8 a.m. to 5 p.m. Sept. 21–22 and 8 a.m. to 4 p.m. Sept. 23. Tickets are \$7 online, at county offices of OSU Extension, and at participating agribusinesses, and \$10 at the gate.

Children ages 5 and under are admitted free.
