

**CFAES**

# Managing Backyard Invasives

**Saturday**

**October**

**1**

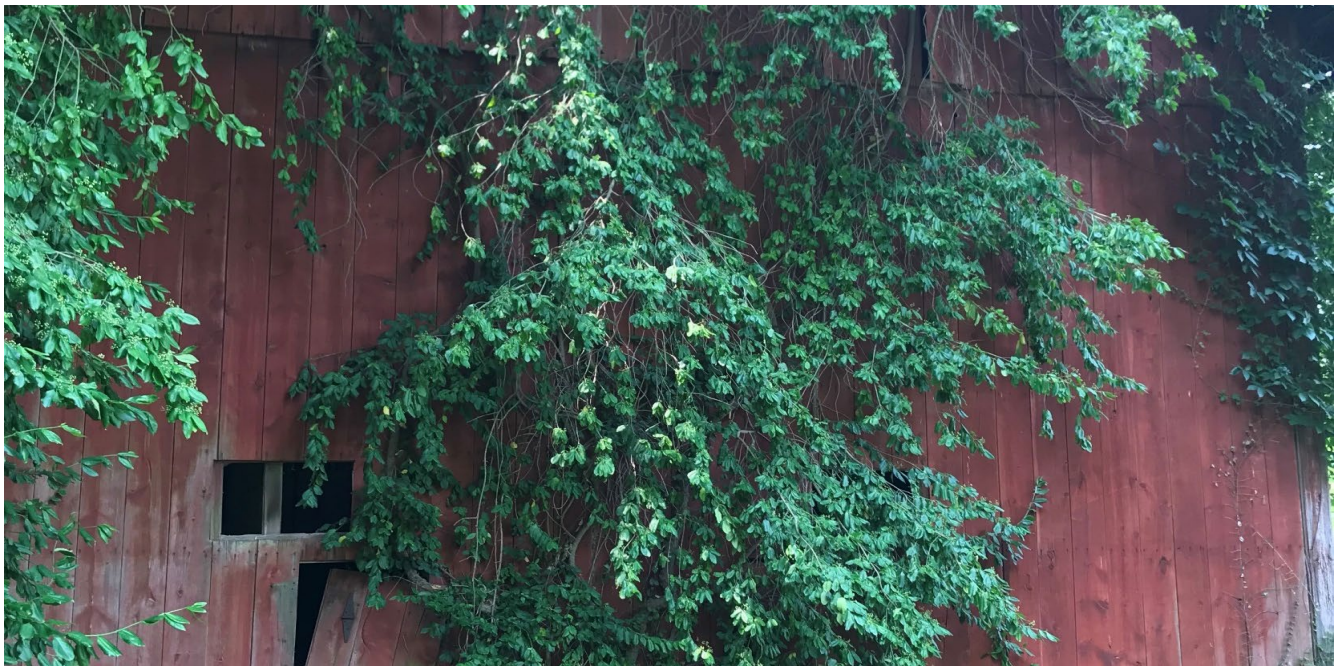

**10:00am – 12:00pm**

*This program is presented in partnership with Greene County Parks & Trails and will begin at*

*OSU Extension, 100 Fairground Rd, Xenia, OH 45385.*

**Do you know what plants are growing in your yard? Ever notice a strange vine growing in your backyard, plants appearing along your hillside or other newcomers to your property? In our backyards invasive plant species alter the ecosystem by crowding out our native plants that support pollinators and birds. Learn some of the invasives that may be in your backyard and how to remove, and then replace them with non-invasives.**

**The class will include a hands-on work session at James Ranch Park, and lunch will be provided afterwards.**

**Registration is required**

**Free Event**
