**OSU Extension Greene County Master Gardener Volunteers**

Join us to learn more about how to start your own garden during COVID-19. You may even learn a quick tip or two for the established home garden. This is a series of three programs about fall vegetable gardening starting with vegetables to plant now through cleaning up at the end to be ready for the beginning come spring.

This first session will cover the basics for growing a successful fall vegetable garden. Learn how to start your garden, when and what to plant by seed or transplant to harvest later and summer vegetables that can continue to produce. Join us for this adventure showing you the enjoyment of fall vegetable gardening.
