Join us to learn more about how to start your own garden during COVID-19. You may even learn a quick tip or two for the established home garden. The topics are tomato and pepper types and varieties, cultural practices and common problems.

This program will be open to the public at not cost. It will feature approximately thirty minutes of planned discussion, then an open forum for home garden questions. If you have questions now, feel free to submit them with the contact information of [corboy.3@osu.edu](mailto:corboy.3@osu.edu) or [hupman.5@osu.edu](mailto:hupman.5@osu.edu) or 937-372-9971.
