

Speakers:

Thomas Mitchell, Ph.D., The Ohio State University

Jason C. Slot, Associate Professor, The Ohio State University

What Mushrooms and other Fungi are doing for us and the environment

We will discuss several ways fungi are important for plant, soil, and environmental health because of their unique symbiotic and decomposition abilities. Topics will include fungal pest control, nutrient exchange, and biomass recycling.

When: Thursday, February 25, 2021
6:30 - 7:30 pm

Location: Online Zoom

Cost: \$7.00

Register at:
go.osu.edu/mushroomsenviroment

To guarantee all paid registrants receive the Zoom link in time for the program, we close registration at 4:00 pm and can not access registration after this time. If you have issues with the link contact Trevor at corboy.3@osu.edu
